Detailed statment Laid on the Table. *

SRI C.M. ARUMUGHAM. —In answer to question (b) according to my calculation the amount collected in 1978-79 comes to Rs. 99,216/-. I want to know which figure is correct.

† SRI G.B. SHANKAR RAO.—If you include both donations and fees, it will come to about Rs. 99,000/-.

SRI C M. ARUMUGHAM.—If collections from 41 students is about Rs 65,000/-. it should be more, in the case of 76 students. I want

to know from out of 41 students, how many are from Kerala and how many are from Tamil Nadu.

SRI G.B. SHANKAR RAO.—I think all the students are from outside Karnataka. But, I do not have the exact information about the students from Kerala and Tamil Nadu.

SRI C.M. ARUMUGHAM.—Whether there are any prescribed rules and regulations for these teaching institutions that they must admit certain percentage of local students and certain percentage from outside. This institution is being run to train outsiders only and not the local people.

SRI G.B. SHANKAR RAO.—There are rules and regulations and also there are directions to such institutions. It is an un-aided institution. Un-aided institutions are permitted to admit boys up to 20% from outside, after making provision for local boys. But, if local boys are not available they have to admit boys from other States.

SRI C.M. ARUMUGHAM.—They are collecting donation of Rs. 4,000 from Kerala students and Rs. 3,000/- from Tamil Nadu students and Rs. 200 from local students. Since they are insisting donation of Rs. 2,000/- from local students local students are not forthcoming, because they are poor people and they cannot afford to pay so much. This is nothing but exploitation of poor people.

SRI G.B. SHANKAR RAO.—This is an un-aided institution started by a registered society and we cannot restrict collection of donation. We have no law to restrict them or to punish them for collecting huge amounts by way of a donation. I have said on the floor of the House that a comprehensive Bill will be introduced shortly, wherein we will make provision for such restrictions also. They say that the amount of donations collected is being used for developmental purposes and if they are using those methods to restrict poor boys from seeking admission we have to take severe action under the provision of law. The Bill is ready and I will see that it is introduced during this session.

SRI C.M. ARUMUGHAM.—Students have paid Rs. 4,000/- and Rs. 3,000/-, but the management show only Rs. 1,000/-. They are not giving receipts for collecting donation. Will the Government institute an inquiry? The Government must obtain this information from the students, and not from the management.

SRI G.B. SHANKAR RAO.—Under the existing provisions of law we may not be able to take direct action. This is an unaided institution registered under the Societies Registration Act. So, at the most the

Registrar of Co-operative Societies can conduct an inquiry and punish the institution if they have committed anything wrong.

SRI C.M. ARUMUGHAM.—Sir, the Hon'ble Minister was pleased to state that 20% of the students must be from outside and 80% from Karnataka. They have not done it. They have admitted 80% of the students from outside and 20% from Karnataka. Therefore, I would like to know what action the Government proposes to take against this institution?

SRI G.B. SHANKAR RAO.—When the institution says that they did not get students from Karnataka what action can take? The figure itself shows less number of students have been from Karnataka.

SRI RAMESH KUMAR.—Sir, it is most unfortunate that we did not get satisfactory answer to the questions raised by the hon. Member Sri Arumugham. From the answer it clearly shows that it is more a business centre than an educational institution. I want to know from the Government just because the institution is an aided one, has the Government permitted to convert this as a business centre? Is it the intention of the Government?

SRI G.B. SHANKAR RAO.—The Government's intention is not so. As already stated the private educational institution have become commercial centres. I agree with you. That is why we have been seriously thinking of putting an end to this problem.

SRI C.M. ARUMUGHAM.—Sir, may I know for the last three years i.e. 1977-79 how many local candidates have been admitted in this institution?

SRI G.B. SHANKAR RAO.—Those figures are not with me. I will collect that information and supply to the Hon. Member tomorrow or the day after.

SRI C.M. ARUMUGHAM.—Why do you want two days to collect that information. I know there are no local candidates which they ought to have. The management has provided seats to outsiders collecting huge sums of donation. Therefore, I am asking the figure in respect of local candidates admitted to this institution during the last three years. Please find out from the department whether there was any enquiry by the higher officers of your department about this institution and if so, what is the report?

SRI G.B. SHANKAR RAO.—There was no necessity for an enquiry. Unless somebody complains we may not be able to enquire into the irregularities of this institution. Now that the hon. Member has complained to the Government regarding admission of local students,

and injustice caused to them.. I will get it examined. According to my information the required number of boys were not available for admission in this College. Now, that the hon Member has said that the local students were denied of admission, I will enquire into that aspect of the matter.

873 SRI V.V. PATTAR (Jamkhandi). Will the Minister for Co-operation be pleased to state :—

(a) whether all the four Janatha Bazaars at Bangalore are closed since 1-5-1980 ;

(b) if so, the cause of closure ; whether Government intend to take action to reopen them ?

SRI A.B. JAKANUR. (Minister for Co-operation).—

(a) Out of the four Janatha Bazaars run by Karnataka Co-operative Consumers Federation which were closed since 1-5-1980, four sections including Grocery Section in the K. G.
